14 July 2021

Dear Hiring Manager,

**REF: APPLICATION FOR FRONT END WEB DEVELOPER**

I would like to express interest in the above position in your organisation. I possess a certificate of full stack developer from Moringa school.

I am a software developer with 1 year experience in Front end web development, Backend development and fullstack web development. While at Moringa we did peer programming and an extensive bootcamp which took us 7 months of thorough programming and gave me knowledge of group work and problem solving skills.

Highly organised and efficient, we were able to deliver various projects as a scrum master on a weekly basis with my able team which were committed to see we produce quality projects. Working in a team gave me some skills such as git, HTML, CSS, Angular, Django, Flask, Heroku and many others which can be beneficial to your organisation. Good communication and also problem solving skills are part of what led to our success in creating some of the quality projects. Am always ready to learn a new language and very quick to adapt in a new environment.

In view of this, I believe I have what it takes to successfully execute this particular role. I hereby present my CV for your review and look forward to your communication

Your sincerely,

ANDIWO EDWIN
